## Peoplehood Infused Schools

**Goal:** integrating a Jewish peoplehood framework into Israeli public schools through:

- Raising awareness to Jewish life abroad
- Strengthening Jewish peoplehood literacy
- Engaging students, teachers, families and the entire school community with a holistic peoplehood approach

**Target Audience:** Israeli elementary and middle schools (ages 6-14)

**Strategy:** Schools will be incentivized and professionally supported while implementing our five-part Jewish peoplehood work plan (**STARS**):

Studies – integrating peoplehood with core studies and formal curriculum

Training – teacher training and professional development

Atmosphere – integrating a visual display or artistic element

Ritual – incorporating peoplehood into school gatherings and ceremonies

School Society – involving parents, families and community members
