January 2026

## One2One – Israel–World Jewry Teen Encounters

- This past quarter, 640 participants completed the Fall 2025 cohort of One2One, the first of the 2025–2026 academic year!
- This is the largest fall cohort so far, as the majority of teens usually participate later in the school year.
- We continue to see the fruits of our partnership with Mosaic United, who offer our One2One experience to Jewish teens outside of North America. Participants joined from Argentina, Canada, Italy, Panama and Venezuela.
- This cohort brought impressive numbers of Argentinian Jewish teens, as part of their preparation for their Israel trip with FACCMA, the umbrella organization of World Maccabi clubs and community centers across Argentina.

One2One is gearing up for our Winter and Spring 2026 cohorts!

## Mother2Mother – Israel-World Jewry Mothers Encounters

As part of ENTER's expansion plans and our positioning as a "One Stop Shop for Online Jewish Encounters" we have decided to develop a new technological system which will enable us to introduce online *mifgashim* to additional target crowds.

In early 2026, ENTER will proudly introduce Mother2Mother in partnership with [Momentum](#), a leading global organization operating for over 15 years with Jewish mothers around the world.

Together, ENTER and Momentum created Mother2Mother, a first of its kind opportunity for Jewish mothers around the world to meet and connect for a series of online encounters. This opportunity allows Jewish mothers worldwide to connect and share about their lives, their motherhood, their challenges and their moments of pride. We are gearing up for the program to launch in early January 2026 with a pilot cohort of 220 women from 16 countries worldwide.

## Peoplehood Infused Schools

- The Jewish Peoplehood Education Conference: For the second time, ENTER has co-sponsored this annual conference alongside the Ministry of Education, the Jewish Agency and Tali (The Center for Jewish Pluralism Education) to introduce Jewish Peoplehood Education to over 150 educators from Israeli schools throughout the country. As part of the conference, ENTER hosted a workshop on how to holistically implement Jewish Peoplehood within the schools, through our unique “[five elements](#)” model.
- In this past quarter, close to 30 of our schools celebrated the high holidays and Hanukkah by highlighting their connections with Jewish communities abroad, which included, exchanging holiday cards and presenting to one another, local traditions from around the world.

## Peoplehood Infused Schools stand with the Jewish community of Australia

Following the terrible attack at Bondi beach, ENTER worked together with our participating Israeli schools on ways to show solidarity to peer students from the Australian Jewish community.

Israeli teachers held sessions in class that highlighted to their students the importance of offering support to the Australian Jewish communities. Overall, 1,500 Israeli students participated in acts of solidarity with the Australian Jewish community, mainly through tributes of personal letters conveying condolences, empathy and participation.

## Welcoming Two New Staff Members!

### **Allie Israel** – Customer Experience Manager, OnezOne

Allie supports thousands of our OnezOne participants from registration through completion of the program, and beyond. Originally from Florida, Allie moved to Israel in 2022 as a participant in the Masa Israel Teaching Fellows program, teaching English to elementary students in Netanya. Upon making Aliyah, Allie worked as a madricha (counselor) at Young Judeaea's Year Course and later with Yael Adventures, recruiting for Birthright Israel programs.

### **Gavriella Mizrahi** – Quality Assurance (QA) & Data Integrity Manager, OnezOne

In this new role, Gavriella is responsible for ensuring technical excellence and a seamless user experience across all of ENTER's platforms. By meticulously testing all system components and functional logic, Gavriella ensures that ENTER's technology serves as a reliable bridge for connecting Jewish people around the world. Prior to joining ENTER, Gavriella worked as a QA Engineer, where she gained extensive experience in software testing and system optimization.
